NOTES OF THE DIAMOND.

From the positions taken by Lewis, Speaker and Hooper when High comes to the it must be that that Yank is the leftest fleid hitter in the business. If you sat back of the pitcher and looked out Hooper was in a line with Wasner, Speaker was directly behind shortstop and Lewis was on the left fleid foul line.

Mullaney called a strike on a New York batter which was a strike. The ball curved across the plate waist high. The umpire was a little late in giving his device.

Alexander Hamilton-"Father of American Credit" ANIEL WEBSTER says of Hamilton: "He smote the rock of National resources and abundant streams of revenue gushed forth, he touched the dead corpse of public credit and it sprung upon its feet"

No man did more to build the Constitution of the United States than did Hamilton. He took a prominent part in every debate, and worked indefatigably on all the important committees. His genius, individuality and daring foresight are indelibly stamped upon every clause of our National Law-the law under which Americans are guaranteed for all time Religious, Commercial and Personal Liberty. During Hamilton's lifetime he used his great influence to encourage and protect the brewing industry. Among all the Fathers of the Republic none knew better than he that honestly-brewed barley-malt beers make for true temperance. This American Colossus, who was second only to Wash ington in the service rendered to his country, drank good beer all his days. We know of no one who has yet dared declare that it injured him in any way. Under the tenets of the Constitution, which Hamilton did so much to make a fact. Anheuser-Busch & years ago launched their great institution. During these years they have honestly brewed honest beers. To-day 7500 people are daily required to meet the public demand. Their world-famed brand BUDWEISER because of its quality, purity, mildness and exquisite flavor, exceeds the sale of any other beer by millions of bottles. ANHEUSER-BUSCH · ST. LOUIS, U.S.A.
